Solutions

Compelling Coastal Content to Help Keep Employees Safe and Productive

Our new Coastal courses are SCORM compatible and are built in HTML5, enabling easy access from a desktop, laptop, tablet or smartphone. The new course design features a simplified navigation and full-screen streaming video, which provides an enriched learning experience in about 30 minutes per course.

MULTIMEDIA

Streaming video
Full-screen video quality - up to 1280x720 resolution

DELIVERY

Any device type: Windows-based PC, Mac, iOS, Android tablets and smartphones.

CUSTOMIZATION

High level of customization including: add, edit or delete audio, video, text, graphics, training points, questions in the course modules, self-checks, and pre and post tests.

INSTRUCTIONAL DESIGN

Our Instructional Design strategy builds on every step from needs assessment to training evaluation and draws from the SAM and ADDIE models to enhance workplace learning and performance.

COURSE LENGTH

Average course length - 30 minutes

LEARNING TOPICS

Environmental Health & Safety
Maintenance & Reliability
Human Resources
Healthcare
